

# STELLAR MEDICAL

Stellar Medical are a regular client of Coast2Coast Projects and their recent Springfield Lakes Medical Centre is one of the largest to date.

A complex design due to the configuration and multiple levels of the existing spaces as well as the requirement to include a further five Consult and three Treatment rooms.

Taking inspiration from the client's logo we developed a finishes palette of natural stone and pale timber teamed with blues and Scandinavian greys to maximise the feeling of space and light. Custom-built joinery that was easy to clean and maintain ensured organised and ergonomic workspaces.
